

Dapto Netball Club Block Team Registration Policy

Any group of players applying to register as a block team need to satisfy the following criteria:

- a) Nominate to register a team into the senior competition only.
- b) Prior to senior grading, provide a list of players for the block team consisting of a minimum of eight (8) registered players.
- c) Not require Dapto Netball Club to supply additional players to fulfil registration requirements.
- d) Be prepared to fulfil Illawarra District Netball Association duty requirements.
- e) Nominate a coach and/or contact person upon registration of the team.

The block team is permitted to register additional players after the team has been registered, up to a total of twelve (12) players in the team, in accordance with the Illawarra District Netball Association Constitution and registration and grading regulations. The block team is responsible for ensuring that additional players are of an appropriate skill level.

With the approval from the Coaching Co-ordinator and the relevant team's coach, the block team is permitted to borrow players from another Dapto Netball Club team in accordance with "borrowing of players" rules.

The Executive Committee has the right to consult with the coach/contact person of the block team regarding the addition of players of similar ability to that team should the need arise.
